

ASCI-KSE Joint Symposium

November 23, 2019

Grand Walkerhill Seoul, Korea

Hosted by Korean Society of Echocardiography (KSE)

Supported by Educational Grants from Guerbet and Bayer

Guerbet

Bayer HealthCare

Program

Date: November 23, 2019 | Venue: Grand Walkerhill Seoul

Time	Title	Speaker
08:30-08:40	The Expectation for CMR	Dr. Yeonyee E. Yoon
08:40-09:00	Analysis of Cardiac Anatomy & Function	Dr. Shyh-Jye Chen
09:00-09:20	LGE Imaging & Signal Intensity Mapping (or Myocardial Tissue Characterization)	Dr. Whal Lee
09:20-09:40	Perfusion MRI: How Is It Different from SPECT or PET?	Dr. Kakuya Kitagawa
09:40-09:55	Panel Discussion	

Greetings from Chair of ASCI School and Director of ASCI Joint Symposium

Prof. Jongmin Lee
Chair ASCI School

On behalf of the Asian Society of Cardiovascular Imaging (ASCI), it is a great pleasure for us to hold ASCI-KSE Joint symposium.

After foundation in 2006, the ASCI has been grown up consistently and successfully based on devotion of many excellent leaders and members. For concentrating ASCI's academic resources and for more efficient conduction of ASCI's academic activities, an ASCI's sub-organization, the ASCI School is founded in 2018. One of the ASCI School projects is 'Joint symposium', which is to enrich chances of international lecture for ASCI speakers, and promote appropriate use of cardiac imaging in Asian countries.

We hope this symposium will be a great opportunity to update the latest knowledge for all participants. We especially thank the KSE for their warm hosting of this symposium and their generous and considerate hospitality. We wish both societies much progress in the future.

Associate Prof.
Kakuya Kitagawa
Director ASCI Joint
Symposium

Greetings from KSE President

On behalf of the Korean Society of Echocardiography (KSE), it is a great pleasure for us to hold ASCI-KSE Joint symposium in the 47th Annual Scientific Meeting of KSE (KSE 2019). This fall conference will present and discuss the research achievements of the year related to echocardiography and cardiovascular image as well-organized lectures by international scholars and prominent domestic speakers. We look forward to sharing and providing this latest knowledge to help you in your clinical practice and research. And also, we are confident that this ASCI-KSE Joint Symposium will be successful as "a place for scientific meeting moving forward together with members."

We would like to express our deep appreciation for ASCI's participation in our academic events.

We wish for ASCI's development and success.

Profiles of ASCI Speakers

Dr. Shyh-Jye Chen

Associate Professor
Dept. of Radiology
National Taiwan University Hospital, Taiwan
