

ASCI Joint Symposium with SCCT-China-IRC, Forum of Cardiovascular Imaging Beijing

November 25, 2022

Online

**Hosted by Beijing Kaiqi Cardiovascular Foundation
Fuwai Hospital, Peking Union Medical College (PUMC)
Chinese Academy of Medical Sciences (CAMS)**

Program Information

• **Date:** November 25, 2022 | **Venue:** Hybrid, China

• **Session:** ASCI Joint Symposium: Development of artificial intelligence in cardiovascular imaging technologies

- Moderators: Dr. Bin Lu, Dr. Rong-pin Wang, Dr. Qi Yang

Time (Local)	Title	Speaker
16:00 - 16:20	Artificial intelligence in cardiac CT	Dr. Jia-yin Zhang
16:20 - 16:40	Artificial intelligence in Echocardiography	Dr. Soongu Kwak
16:40 - 17:00	Artificial intelligence in Cardiac MRI	Dr. Carmen Chan
17:00 - 17:20	Artificial intelligence in cardiac nuclear medicine	Dr. Hongyoon Choi
17:20 - 17:30	Discussion	

Greetings from the Chair of ASCI School and Director of ASCI Joint Symposium

Prof. Jongmin Lee
Chair ASCI School

On behalf of the Asian Society of Cardiovascular Imaging (ASCI), it is a great pleasure for us to hold ASCI Joint symposium with SCCT-China-IRC, Forum of Cardiovascular Imaging Beijing.

After the foundation in 2006, the ASCI has grown by leaps and bounds based on the devotion of many excellent leaders and members. For concentrating ASCI's academic resources and for more efficient conduction of ASCI's academic activities, an ASCI's sub-organization, the ASCI School is founded in 2018. One of the ASCI School projects is 'Joint Symposium', which is to enrich chances of international lecture for ASCI speakers and promote the appropriate use of cardiac imaging in Asian countries / regions.

We hope this symposium will be a great opportunity to update the latest knowledge for all participants.

We especially thank the host organizations for their warm hosting of this symposium.

Prof. Kakuya Kitagawa
Director ASCI Joint Symposium

Greetings from the President of Society of Cardiovascular Computed Tomography International Regional Committee of China (SCCT-China-IRC)

Dr. Bin Lu
President

On behalf of the Organizing Committee of the 10th Annual Meeting of the Society of Cardiovascular Computed Tomography International Regional Committee of China (SCCT-China-IRC), in conjunction with the Joint Symposium with Asian Society of Cardiovascular Imaging (ASCI) and Forum of Cardiovascular Imaging Beijing, we cordially invite you to participate in this academic event. The meeting is scheduled on November 24-27, 2022 in Beijing, China (Beijing time, GMT+8), which is hosted by Beijing Kaiqi Cardiovascular Foundation and Fuwai Hospital, Peking Union Medical College (PUMC) and Chinese Academy of Medical Sciences (CAMS).

With the theme of "Gathering, Surpassing, Win-Win", the conference will bring together clinician, radiologist, university professors, artificial intelligence experts and equipment company representatives, to track and introduce the current clinical hot research topics and the new technology, big data and artificial intelligence since entering the new era of functional imaging, and the application prospect, to realize the "transcendence" of functional imaging and artificial intelligence over previous anatomical diagnosis, and achieve the "win-win" of clinical, imaging and engineering technology. The conference invited the presidents of major cardiovascular imaging societies from Europe, the United States and Asia, including the presidents of the International Cardiovascular CT Society (SCCT), the European Society of Cardiac Radiology (ESCR), the European Society of Cardiovascular Imaging (EACVI), the Asian Society of Cardiovascular Imaging (ASCI), and the editor-in-chief of American Journal of Cardiology (JACC CV Img), the editor-in-chief of Radiology and other well-known journals attended the conference. The content covers all kinds of cardiovascular imaging technology, cardiology, cardiac surgery, big data, artificial intelligence and other academic directions, and strives to build a platform for "publishing academic views and arguing academic ideas".

As a neutral and open academic platform for exchanges and cooperation, SCCT-China-IRC will continue to work together to improve the overall level of cardiovascular imaging in China, and build a more effective platform for the international and domestic cardiovascular imaging practitioners to demonstrate, learn and communicate! Look forward to meeting you online in 2022!

Profiles of ASCI Speakers

Dr. Soongu Kwak

Clinical Fellow

Department of Cardiovascular center

Seoul National University Hospital, Korea

sgkwak708@gmail.com

Dr. Wing Sze Carmen Chan

Consultant Cardiologist

Department of Medicine

Queen Mary Hospital, Hong Kong, China

carmen.ws@gmail.com

Dr. Hongyoon Choi

Associate Professor

Department of Nuclear Medicine

Seoul National University Hospital, Korea

chy1000@snu.ac.kr

Profile of SCCT-China-IRC Speaker

Dr. Jia-yin Zhang

Professor of Radiologist

Department of Radiology

Shanghai General Hospital, China
