

ASCI Joint Symposium with Taiwan Radiological Society

December 17th, 2022

**301 Room, College of Medicine
National Taiwan University, Taiwan**

Host: Taiwan Radiological Society (TRS)

Co-Host: SCCT Taiwan IRC. TRS-CVI committee

Program

Date: December 17, 2022 | **Venue:** National Taiwan University Medical College (Hybrid)

Chair: Prof. Yung-Liang Wan, Prof. Ming-Ting Wu

Time (Local)	Title	Speaker
14:40 - 15:10	Acute Aortic Syndromes: How CT Can Diagnose and Plan the Management	Dr. Takuya Ueda
15:10 - 15:20	Q&A	
15:20 - 15:50	Update of CT perfusion and its role in CADRADS 2.0	Dr. Sung Min Ko
15:50 - 16:00	Q&A	
16:00 - 16:30	Update of CT FFR and its role in CAD-RADS 2.0	Dr. Bin Lu
16:30 - 16:40	Q&A	

Greetings from the Chair of ASCI School and Director of ASCI Joint Symposium

Prof. Jongmin Lee
Chair ASCI School

On behalf of the Asian Society of Cardiovascular Imaging (ASCI), it is a great pleasure for us to hold ASCI Joint symposium with Taiwan Radiological Society.

After the foundation in 2006, the ASCI has grown by leaps and bounds based on the devotion of many excellent leaders and members. For concentrating ASCI's academic resources and for more efficient conduction of ASCI's academic activities, an ASCI's sub-organization, the ASCI School is founded in 2018. One of the ASCI School projects is 'Joint Symposium', which is to enrich chances of international lecture for ASCI speakers and promote the appropriate use of cardiac imaging in Asian countries.

We hope this symposium will be a great opportunity to update the latest knowledge for all participants. We especially thank the Taiwan Radiological Society for their warm hosting of this symposium. We wish both societies much progress in the future.

Prof. Kakuya Kitagawa
Director ASCI Joint Symposium

Greetings from the TRS President

Prof. Hong-Jen Chiou
President of TRS

Dear Colleagues,

It is my great pleasure to welcome all of you to the 2022 Cardiac CT Educational Course, ASCI-Joint Symposium. I believe this Cardiac CT Educational Course will advance our knowledge bases and provide inspiration for our future practices. In addition, the course will allow to facilitate academic collaboration between the ASCI and the TRS. On behalf of the TRS, I would like to express my appreciation to the ASCI for making this event happen. Based on mutual understanding, the ASCI and the TRS have enjoyed a close friendship for many years. I would also like to extend my thanks to all the ASCI speakers for their contributions. Without their enthusiasm, expertise, and dedication, this joint symposium would not be possible. Finally, we look forward to seeing old and new friends. I wish that you all enjoy yourselves and that we have a fruitful meeting. Thank you!

Profiles of ASCI Speakers

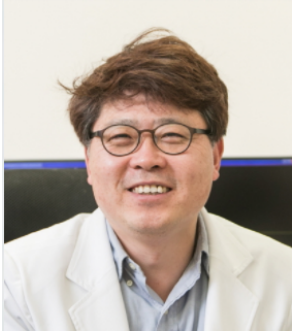

Dr. Takuya Ueda

Professor

Department of Clinical Imaging

Tohoku University Graduate School of Medicine, Japan

Takuya.ueda.d3@tohoku.ac.jp

Dr. Sungmin Ko

Professor

Department of Radiology

Wonju Severance Christian Hospital, Korea
