

ASCI Joint Symposium with Indonesian Society of Cardiovascular Imaging

February 3, 2024

Online

Hosted by the Indonesian Society of Cardiovascular Imaging (ISCI)

Program Information

- **Date:** February 3, 2024 | **Venue:** Online, Indonesia
- **Session:** ASCI & ISCI Joint Session

Time (Local)	Title	Speaker
Moderator: Dr. Manoefris Kasim- Budi Pikir		
08:00 - 08:20	CT protocol and assessment for pulmonary artery and triple rule out	Dr. Rosi Amrilla
08:20 - 08:40	CT protocol and assessment for aorta	Dr. Takuya Ueda
08:40 - 08:55	CT protocol and assessment in peripheral vascular disease	Dr. Stephen Cheung
09:00 - 09:20	Discussion	

Greetings from the Chair of ASCI School and Director of ASCI Joint Symposium

Prof. Jongmin Lee
Chair ASCI School

On behalf of the Asian Society of Cardiovascular Imaging (ASCI), it is a great pleasure for us to hold ASCI Joint symposium with Indonesian Society of Cardiovascular Imaging, online.

After the foundation in 2006, the ASCI has grown by leaps and bounds based on the devotion of many excellent leaders and members. For concentrating ASCI's academic resources and for more efficient conduction of ASCI's academic activities, an ASCI's sub-organization, the ASCI School is founded in 2018. One of the ASCI School projects is 'Joint Symposium', which is to enrich chances of international lecture for ASCI speakers and promote the appropriate use of cardiac imaging in Asian countries/regions.

We hope this symposium will be a great opportunity to update the latest knowledge for all participants. We especially thank the ISCI for their warm hosting of this symposium and their generous and considerate hospitality. We wish both societies much progress in the future.

Prof. Kakuya Kitagawa
Director ASCI Joint Symposium

Greetings from the ISCI President

Elen, MD

On behalf of the Indonesian Society of Cardiovascular Imaging (ISCI) of Indonesian Heart Association (IHA), I'd like to thank the Asian Society of Cardiovascular Imaging (ASCI) for supporting our event titled Indonesian Cardiac CT Course by facilitating a Joint Symposium. Indonesia is a developing country that consists of thousands of islands and one of the countries with the largest population but the cardiovascular imaging services (including cardiac CT) are still limited in big cities. More extensive exposure is needed on the role of cardiac CT in the diagnosis and management of various cardiovascular diseases as cardiac CT has a pivotal role in the management of cardiovascular disease.

We've usually held Joint Symposium with ASCI for our Annual Scientific Meeting of Indonesian Heart Association. In addition, we've routinely participated in ASCI Annual Meeting by sending our representatives for abstract and cases presentation since 2014. We also hope that our collaboration can continue well to develop cardiovascular imaging services in Asia.

Profile of ASCI Speakers

Dr. Takuya Ueda

Professor
Department of Clinical Imaging
Tohoku University Graduate School of Medicine
takuya.ueda.d3@tohoku.ac.jp

Dr. Stephen Cheung

Consultant Radiologist
Dept. of Radiology
Queen Mary Hospital, Hong Kong
cheungcws@gmail.com

Profile of ISCI Speakers

Dr. Rosi Amrilla

Cardiovascular Imaging Subspecialist
Integrated Heart Care Center
Dr. Soetomo General Hospital, Surabaya, Indonesia
rosi.amrilla@gmail.com
